* Angel of Berlin in Munich

The Angel of Peace, also known as the Angel of Berlin or the [Friedensengel](https://en.wikipedia.org/wiki/Angel_of_Peace)³, is a famous statue located in Munich, Germany, not in Berlin.

The Angel of Peace, also known as the Angel of Munich or the Friedensengel, is a famous monument located in Munich, Germany. While it may not be as frequently depicted in movies as some other landmarks, there are a few films that feature scenes set in Munich where the Angel of Peace can be seen in the background. Here are a couple of examples:

1. **Wings of Desire (1987)** - Directed by Wim Wenders, this German fantasy film follows two angels who roam Berlin, observing and comforting its inhabitants. While the movie primarily focuses on Berlin, there is a scene set in Munich where the Angel of Peace is briefly visible.
2. **The Monuments Men (2014)** - Directed by George Clooney, this historical drama film tells the story of a group of Allied soldiers tasked with rescuing art and cultural treasures stolen by the Nazis during World War II. While most of the film is set in various European cities, including Munich, the Angel of Peace may be visible in the background of certain scenes.

These movies may feature brief glimpses of the Angel of Peace monument as part of the cityscape of Munich, but it is not a central element of the storyline in either film.
